Data Dictionary

| <i>Variable Name</i> | <i>Description</i> | <i>Data Type</i> |
|----------------------|--|------------------|
| absence_reason | The plain text reason for the child's absence. Recorded only when a child is absent per the attend_description. (ex: Illness) | Text |
| agency | The name of the agency | Text |
| attend_date | The date of the attendance record | Date |
| attend_description | The plain text attendance description for the child on a given day. (Example: "Present") | Text |
| child_id | The unique child ID for the child | Numeric |
| class | The name of the classroom in which the child was enrolled. Children may be enrolled in multiple classrooms in a given year. | Text |
| program | The Program as defined in the database, usually Head Start/Early Head Start, but not always. (ex: Head Start) | Text |
| program_term | The program term that the data is from. Program Terms are defined differently from program to program, but nearly always are based on the program year. (ex: Early Head Start 19-20) | Text |
| site | The name of the site in which the child was enrolled. Children may be enrolled in multiple sites in a given year. | Text |
